

How to send your blades to us using our free-post label

- 1 - Print both pages of the document, 100% size on plain A4 paper (Please do not increase / decrease size)
- 2 - Make sure the labels have printed clearly and correctly. (Unclear/ unreadable text may result in your blades not being delivered or delayed)
- 2 - Cut out the labels along the dashed lines.
- 3 - Securely attach label 1 flat to the front of the box and the completed return label to the back of the parcel
- 4- Enclose the completed blade sharpening form in the box . (Any form uncompleted could mean the loss of your blades)

Please do not send items in an envelope, please use a small packet or box. (Max weight 2kg)

Label 1 - Front

Please note : Freepost does not include insurance or tracking of this package, please make your own arrangements for shipping if you do not wish to use our freepost service.
